# A global framework for responsible ship finance

Integrating climate considerations into lending decisions to promote international decarbonisation

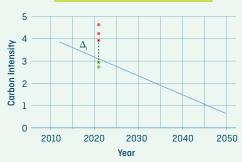

### **Get in touch**

30+ Signatories from 13 countries including lenders, relevant lessors, financial guarantors and export credit agencies, representing 2/3 of global ship finance.

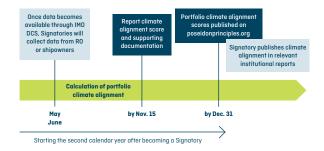

# **Four Principles**

#### 1. Assessment

Assessment of portfolio climate alignment with a standardised methodology for calculation.

### 3. Enforcement

Inclusion of a mechanism that ensures access to secure and high-quality data from shipowners.

## 2. Accountability

Relies on IMO standards and Recognized Organizations for the provision of identical, unbiased data across all Signatories.

# 4. Transparency

Each Signatory's climate alignment score is disclosed publicly in the Annual Report and corporate reports.
